Learning Objectives
• Provide a broad look at healthcare reform and how the Affordable Care Act is
  influencing the direction the nation is taking.
• Understand changes that are currently happening in the market, others that are likely
to occur and how stakeholder groups are adjusting.

Registration
Register online at lfh.org/cme (walk-ins welcome)
For more information contact Kevin Weng at kweng1@lfh.org or 847.535.7249

About Dr. Ondra
As senior vice president and enterprise chief medical officer, Dr. Stephen Ondra is
responsible for the strategy and oversight of Health Care Service Corporation's (HCSC)
medical policies, quality improvement and performance measurement programs delivered
by the Illinois, New Mexico, Oklahoma and Texas Blue Plans. He also serves as a key national
spokesperson for the company and health policy advocate for policyholders.

Before joining HCSC, Dr. Ondra was senior vice president and chief medical officer for
Northwestern Memorial Hospital. Previously, he was appointed by President Obama as the
senior policy advisor for the U.S. Department of Veterans Affairs and then served in the
Executive Office of the President. At the White House, Dr. Ondra was co-chair of the
National Science and Technology Council for health information technology in the Office
of Science and Technology Policy.

He is a recognized leader in health policy, information technology, patient safety and
evidence-based medicine. Dr. Ondra is a veteran of Operations Desert Storm and Desert
Shield, and he was awarded a Bronze Star Medal and the Army Commendation Medal for
his extraordinary service. After attending the U.S. Military Academy, he completed pre-
medical studies at Illinois Wesleyan University and medical school at Rush Medical College
in Chicago. He completed his neurosurgical training at Walter Reed Army Medical Center.
Northwestern University Feinberg School of Medicine requires course directors, speakers, instructors, planners and other individuals who are in a position to control the content of this activity to disclose any real or apparent conflict of interest they may have as related to the content of this activity. All identified conflicts of interest are thoroughly vetted by NUFSM for fair balance, scientific objectivity of studies mentioned in the materials or used as the basis for content, and appropriateness of patient care recommendations. The faculty disclosures and the discussion off-label usage will be indicated in the course syllabus.
